

2007 Young Investigator Award in Software Radio

Mr. Kimtho Po
Tokyo Institute of Technology

SR2006-91: Signal Detection based on Cyclic Spectrum Estimation for
March 2007 Cognitive Radio in IEEE 802.22 WRAN System
SR2007-4: Performance Analysis of Signal Detection for Cognitive Radio
May 2007
SR2007-38: Signal Detection Method based on Cyclostationarity for
July 2007 Cognitive Radio
SR2007-53: Performance Evaluation of Cyclic Detector in Cognitive Radio
November 2007

May 29th, 2008

IEICE Technical Committee on Software Radio

Chair Jun-ichi Takada
